SUMMARY

Diploma III Application Software Engineering graduate with hands on experience in data administration, document control, operational reporting, project administration, and digital operations across academic, organizational, and e-commerce environments. Experienced in managing 120+ system documents across 4 institutional applications, tracking 60+ document revisions, maintaining academic records for 60+ students, and monitoring participant data for 150+ students across 3 classes. Skilled in data entry and validation, records management, spreadsheet reporting, workflow documentation, database administration, and administrative coordination, supported by Microsoft Office, Google Workspace, SQL/MySQL, and a BNSP Certified Data Analyst in Data Management credential. Demonstrated ability to coordinate 8 Liaison Officers and 10 finalist groups, support 5 major organizational events, and manage e-commerce operations involving 14,600+ transactions and 13,000+ customer testimonials over 2 years. Seeking to contribute to Administration, Data Administration, Project Administration, Document Control, or Secretary roles by delivering accurate data, structured documentation, reliable reporting, and efficient operational support.

CORE COMPETENCIES

- Data Administration & Data Entry
- Data Validation & Data Quality Control
- Operational Reporting & Data Reporting
- Project Administration & Project Support
- Document Control & Records Management
- Workflow & Process Mapping
- Database Management & SQL
- Business Process Documentation
- Information & Knowledge Management
- Microsoft Excel & Spreadsheet Management

EDUCATION

TELKOM UNIVERSITY

Diploma III Application Software Engineering (GPA : 3.75/4.00)

July 2023 - July 2026

- **Final Project:** "Preparation of System Documentation for the Development of SEEDS (New Student Registration) Application Version 3.7."
- **Areas of Academic Interest:** Database Systems, Applied Artificial Intelligence, Data Management, Interface Design, Mobile Programming, Software Engineering.
- **Academic Highlight:** Cum Laude graduate with a 3.75/4.00 GPA, maintained a GPA above 3.50 for 6 semesters, supported 120+ students as a Practicum Assistant, contributed to a 6 member research team that passed the 2025 Internal Research Grant, and received multiple scholarships and institutional funding across 5 periods.

WORK EXPERIENCES

DIREKTORAT PUTI - TELKOM UNIVERSITY INFORMATION TECHNOLOGY CENTER

June 2025 - June 2026

Technical Writer Intern

- Managed and standardized 120+ system documents across 4 institutional applications through structured filing and documentation templates, improving document consistency and information accessibility.
- Processed and tracked 60+ document revision requests with an average turnaround time of 7 business days, ensuring all updates were recorded, reviewed, and properly archived.
- Validated application data and operational information through cross checks with 6 cross functional teams and 10+ stakeholders, improving documentation accuracy across 4 applications.
- Mapped and documented 4 application workflows, features, and procedures, producing structured references used by internal teams to support operational understanding and administrative processes.
- Prepared weekly documentation progress reports and revision trackers using Microsoft Excel and Google Sheets, enabling the team to monitor document status, pending updates, and follow up actions.

Tools & Software: Microsoft Word, Microsoft Excel, Google Sheets, Google Drive, Microsoft Office, Documentation Templates, Workflow Mapping, Document Revision Tracking, Digital Filing Systems

Key Achievement: Reduced information retrieval time by 30% by managing and standardizing 120+ documents across 4 institutional applications; completed and tracked 60+ revision requests with a 7 business day average turnaround; and achieved 100% documentation accuracy and traceability through structured data validation and revision tracking involving 6 cross functional teams and 10+ stakeholders.

SCHOOL OF APPLIED SCIENCE - TELKOM UNIVERSITY

September 2025 - January 2026

Mobile Programming Laboratory Assistant

- **Managed and maintained academic records for 60+ students across 2 laboratory classes**, consolidating attendance, group assignments, submissions, and grades in Excel and Google Sheets to support accurate and traceable academic administration throughout the semester.
- **Coordinated 20+ laboratory sessions covering 13 learning modules**, managing schedules, attendance, materials, and classroom requirements to support the on time execution of all scheduled practical sessions.
- **Verified and consolidated 60+ student assessment records**, applying structured spreadsheet tracking to reduce data inconsistencies and deliver complete grade recaps for lecturer review and academic reporting.
- **Handled and tracked 20+ student inquiries and issues per session**, coordinating follow ups through direct communication and issue logs to support faster resolution and uninterrupted laboratory operations.
- **Supported 60+ students in completing practical assignments and evaluations**, contributing to strong academic performance through clear instruction, progress monitoring, and consistent class coordination.

Tools & Software: Microsoft Excel, Microsoft Word, Google Sheets, Google Drive, Google Workspace, Spreadsheet Reporting, Data Consolidation, Data Verification, Digital Filing, Documentation Management, Issue Tracking

Key Achievement: Achieved an average laboratory score of >90 among 60+ students by coordinating 20+ laboratory sessions across 2 classes, maintaining complete academic records, and ensuring the timely administration of attendance, assignments, and assessments throughout the semester.

MUSLIM STUDENT MENTORING ORGANIZATION - TELKOM UNIVERSITY

June 2025 - June 2026

Student Mentor

- **Managed the database and monitored 150+ students across 3 classes** over a 12 month period by regularly tracking attendance, participation, group assignments, and activity completion, resulting in more structured participant data to support evaluation and follow up actions.
- **Coordinated 9 mentoring sessions** by preparing schedules, distributing materials, managing participant lists, and coordinating activity requirements, ensuring all sessions were conducted according to plan.
- **Improved administrative organization** by managing 4 key document types attendance records, group lists, activity notes, and session reports using Google Sheets, Google Drive, and Microsoft Office to improve information accessibility and reporting efficiency.
- **Led operational coordination with 2 fellow mentors** to support 150+ students by assigning responsibilities, communicating information, and following up on participant concerns over a 12 month period, ensuring consistent mentoring delivery across 3 classes.
- **Consolidated** attendance, participation, and activity data from 9 mentoring sessions into structured monitoring reports, supporting program evaluation and participant follow up.

Tools & Software: Microsoft Excel, Microsoft Word, Google Sheets, Google Drive, Google Workspace, Data Recap, Attendance Tracking, Participant Database, Activity Reporting, Digital Filing, Documentation Management

Key Achievement: Successfully coordinated the delivery of 9 mentoring sessions for 150+ students across 3 classes over a 12 month period, working with 2 fellow mentors to ensure all scheduled sessions and mentoring materials were delivered according to plan.

SCHOOL OF APPLIED SCIENCE - TELKOM UNIVERSITY

September 2024 - January 2025

Interface Design Laboratory Assistant

- **Administered academic records for 60+ students across 2 classes**, maintaining attendance, submission, and assessment data in Excel and Google Sheets for accurate semester reporting.
- **Coordinated 30+ practicum sessions across 15 modules**, ensuring complete session execution through structured scheduling, material preparation, and classroom administration.
- **Audited and consolidated 60+ student assessment records**, reducing data inconsistencies and delivering complete grade documentation for lecturer review.
- **Organized 15 module documentation sets** in Google Drive, including materials, assignments, rubrics, and reports, enabling faster access to required academic files.
- **Monitored attendance, submissions, and student progress**, supporting consistent academic administration across 2 laboratory classes.

Tools & Software: Microsoft Excel, Microsoft Word, Google Sheets, Google Drive, Google Workspace, Data Administration & Verification, Attendance Tracking, Digital Filing, Documentation Management, Academic Reporting

Key Achievement: Achieved 100% completion of attendance, submission, assessment, practicum session, and academic file records while supporting a 95% practicum completion rate for 60+ students across 2 classes and 30+ practicum sessions.

ONLINE SHOP

June 2021 - June 2023

E-commerce Operations Administrator

- **Processed 20+ daily transactions** across Instagram, X, ZeusX, and international marketplaces, contributing to 13,000+ customer testimonials over 2 years.
- **Managed product, inventory, and transaction databases** across multiple sales channels, maintaining accurate records for 20+ daily orders and reducing administrative errors.
- **Monitored 10+ competitors weekly** by analyzing pricing, product trends, and customer behavior to support marketplace strategy and sales decisions.
- **Coordinated 4 operational staff** across customer service, content, transaction processing, and marketplace administration to maintain smooth daily operations.
- **Prepared weekly sales and operational reports** using spreadsheets, tracking transaction volume, product performance, customer activity, and marketplace trends for business evaluation.

Tools & Software: Microsoft Excel, Google Sheets, Instagram, X, ZeusX, International Marketplace Platforms, Spreadsheet Reporting, Data Entry, Transaction Administration, Inventory Tracking, Customer Data Management, Digital Documentation

Key Achievement: Successfully processed 14,600+ transactions and generated 13,000+ customer testimonials over 2 years, demonstrating consistent operational performance and customer satisfaction across multiple digital sales channels.

CERTIFICATIONS & TRAINING

- **Cybersecurity Training Program - Phase 1: Security Foundation** | Elitery / Elite Academy, West Java Diskominfo & Jabar Istimewa Digital Academy | 2026
Modules: Cybersecurity Fundamentals, Threats & Vulnerabilities, System & Data Protection, Network Security, Cyber Risk, Basic Information Security Practices.
- **Certified Data Analyst in Data Management (BNSP)** | LSP DITEKINDO | 2025
Modules: Data Collection & Validation, Database Management, Data Processing & Analysis, Data Visualization, Analytical Reporting.
- **Certified Junior Mobile Programmer (BNSP)** | Vocational School Graduate Academy - Digital Talent Scholarship, Ministry of Communication and Digital | 2025
Modules: Mobile Programming Fundamentals, Android UI, Data Management, Debugging & Testing, Application Implementation.
- **Introduction to Technical Writing** | Udemy | 2025
Modules: Technical Writing Fundamentals, Technical Documentation Characteristics, Document Organization, Clear & Effective Writing, Editing & Refinement.
- **Artificial Intelligence (Micro-Skill)** | Digital Talent Scholarship, Ministry of Communication and Digital | 2025
Modules: AI Fundamentals, AI Applications in Work & Daily Life, Machine Learning Introduction, AI Technology Utilization, Responsible & Ethical AI.
- **Information Security Management System (Micro-Skill)** | Digital Talent Scholarship, Ministry of Communication and Digital | 2025
Modules: Information Security Fundamentals, Personal Data Protection, Risk Identification, Confidentiality, Integrity, Availability Principles, Security Awareness
- **ElevAlte (Micro-Skill)** | Digital Talent Scholarship, Ministry of Communication and Digital | 2025
Modules: Generative AI, Prompt Engineering, Effective Prompt Design, Azure OpenAI Service, Prompt Testing & Refinement, Generative AI for Workplace Productivity.
- **AI Fundamentals** | Dicoding | 2025
Modules: AI Fundamentals, AI Characteristics, Machine Learning Basics, Data in AI, AI Applications, Responsible AI & Ethics.
- **Mobile Programming Practicum Training** | School of Applied Science, Telkom University | 2025
Modules: Android UI Development, Event Driven Programming, Data Management, Debugging, Testing, Application Optimization.
- **Interface Design Practicum Training** | School of Applied Science, Telkom University | 2024
Modules: Interface Design Principles, User Experience, Wireframing, Prototyping, Design Evaluation.

ACHIEVEMENTS & AWARDS

- **Cum Laude - Diploma Application Software Engineering** | Telkom University | 2026
Highlight: Graduated with a GPA of 3.75/4.00 while actively contributing to academic assistance, mentoring, organizational activities, and research projects.
- **International Research Paper Contributor** | International Seminar on Intelligent Business and Edge Computing Research (ISIBER) | 2026
Highlight: Contributed to research on **comparative multi-platform sentiment analysis of PayLater services in Indonesia** using data analysis and topic modeling approaches.
- **Internal Research Grant Recipient - Period 1 Wave 4** | Telkom University | 2025
Highlight: Selected as part of a **6 member research team** for a project on a scalable web based course registration system using the SDLC methodology.
- **Awardee "Endowment Fund" Scholarship** | Telkom University | 2024-2026
Highlight: Received funding support across **2 academic periods**: 2024/2025 and 2025/2026.
- **Awardee "Telkomedika" Scholarship** | Telkom University | 2024
Highlight: Selected as a scholarship recipient based on academic and institutional eligibility criteria.
- **Awardee "Pintar" Scholarship** | Telkom University | 2023
Highlight: Awarded an academic scholarship supporting continued higher education and academic development.

PUBLICATIONS & PROJECT

- **Leveraging IndoRoBERTa and BERTopic for Comparative Multi-Platform Sentiment Analysis of PayLater Services in Indonesia - Research Paper**, This study analyzes user sentiment toward PayLater services in Indonesia across multiple platforms using IndoRoBERTa and BERTopic. - [Link Scopus](#) - [Link IEEE Xplore](#)
- **Kishenack - Snack Sales Web Application**, A web application that provides product catalog, ordering, and digital snack sales management features. - [Link GitHub](#) - [Link Demo](#)
- **Telkozy - Boarding House Search Web Application**, A search platform that helps users find boarding houses based on location, price, and specific requirements. - [Link GitHub](#)
- **The Forest's Secret - Roblox Based Game Development Project**, A Roblox based adventure game that invites players to explore a forest and complete challenges to uncover its hidden secrets. - [Link Roblox](#)
- **Himadira - RPLA Telkom University Student Association Web Application**, A web application designed to support information dissemination, organizational activities, and administrative needs for the RPLA Telkom University Student Association. - [Link GitHub](#)
- **UI/UX - Mobile Chat Application Design**, A mobile chat application interface design focused on intuitive navigation, user convenience, and a modern visual experience. - [Link Demo Figma](#) - [Link Google Drive](#)
- **Life Organizer - Schedule, Task, Activity, and Finance Management Web Application**, A productivity application that helps users manage schedules, tasks, activities, and finances on a single platform. - [Link GitHub](#)

ORGANIZATIONAL & COMMITTEE EXPERIENCES

- **Media Staff**, Badan Mentoring Telkom University | 2025-2026
Impact: Managed digital documentation and promotional materials for **5 major organizational events**, coordinated with event, academic, and operational teams, and organized digital assets to support timely information distribution and more structured organizational documentation.
- **Liaison Officer Coordinator**, SRE Essay | 2025
Impact: Coordinated **8 Liaison Officers** and managed communication with **10 finalist groups** through task delegation, progress monitoring, participant coordination, and information follow up, supporting smooth event administration and timely completion of operational responsibilities.

ADDITIONAL SKILLS

- **Software Skills:** Microsoft Excel (Data Processing, Data Entry, Data Validation, Basic Reporting, Pivot Tables), Microsoft Word, Microsoft PowerPoint, Google Docs, Google Sheets, Google Slides, Google Drive, Canva, SQL/MySQL, Figma.
- **Soft Skills:** Communication, Team Collaboration, Leadership, Coordination, Problem Solving, Time Management, Attention to Detail, Adaptability, Organizational Skills, Analytical Thinking.
- **Language:** English (Advanced/Expert) - Duolingo English Test 130
